Why consider Minnesota Private Colleges?

We have generous transfer credit policies. This ensures that more of a student’s coursework applies directly to their bachelor’s degree. By work with our transfer counselors, students can plan their coursework and stay on track to graduate without extra time or cost. That means our students finish their degrees efficiently and get on to their careers or graduate programs.

**FACULTY MENTORS**

With campuses that boast of one professor for every 12 students, our undergrads will have direct connections with experts in their fields. Majors can be tailored to students’ interests as faculty advise students in degree planning. They provide high-impact learning opportunities that build out students’ resumes and provide guidance for their next steps after graduation. At Minnesota Private Colleges, students are never just a number.

**CONNECT WITH PEERS**

Our colleges and universities have multiple ways students can connect with others after transferring. Whether students’ interests lie with sports, the arts, academics or clubs, our staff will help them connect with the right groups quickly, so they feel at home sooner.

**PREPARE FOR WHAT’S NEXT**

With more than 150 majors and minors we have a degree that’s right for each student, so they can pursue what they’re passionate about and start a career. Our career development offices assist students with setting up internships, preparing for job interviews and connecting directly with employers.

**BACHELOR’S DEGREES MATTER**

Over the course of their careers, graduates with bachelor’s degrees earn significantly more than high school graduates. The wage gap between college and high school graduates has never been greater: People in Minnesota with bachelor’s degrees earn about $25,000 more per year than those with a high school degree. The average return on investment for undergraduate students at our colleges is $1 million; this takes into account both education costs and 40 years of future earnings.

And the benefits aren’t just financial. College graduates often mention the friendships and connections they made as a highlight of their experience. And Minnesota Private Colleges have great alumni networks—giving students access to people at companies nationwide who are doing exciting work.
The Transfer Advantage

**AA/MNTC TRANSFER OPTIONS**

For community college students who have completed the Minnesota Transfer Curriculum (MnTC) or earned an associate of arts degree, block transfer can make things simpler. The Minnesota Transfer Curriculum and Associate of Arts degrees meet core curriculum or general education requirements at 12 of our institutions. And if the minimum GPA is met for each course, all 60 credits will transfer.

Find more helpful information on this on the institution-specific profile pages that follow, including about how credit transfer works. Then follow-up with the transfer specialists at our institutions with any and all questions.

All 18 of our colleges and universities accept transfer credits that meet specific criteria. The details are listed on each college’s page. For students who have not completed the MnTC or are transferring from other four-year institutions, determining how existing coursework will be handled for transfer is based on a course-by-course review.

**TRANSFER ADMISSION GUARANTEE**

For students who have completed an Associate of Arts (AA) degree and the Minnesota Transfer Curriculum (MnTC), admission is guaranteed at 12 of our member institutions — given students have met all eligibility criteria and there is capacity within the intended major at selected institutions. We recognize that Minnesota State community college graduates have received a rigorous, quality education and are prepared to successfully complete a bachelor’s degree at our institutions.

The Guarantee assures students of acceptance at their intended college or university. And it helps students start planning sooner for specific bachelor’s degrees.

For more details about this policy, refer to mnprivatecolleges.org/transfer-guarantee. And students should talk to the transfer specialists at our institutions about what the Guarantee means for them.

**TRANSFER PATHWAYS**

As of fall 2023, 12 of the Minnesota Private Colleges have created transfer pathways in psychology, biology and communication studies for students coming from Minnesota State community colleges. Additional pathways in other majors are available at specific institutions, with more being developed.

Students who have completed approved pathways and are admitted to any of our 12 participating institutions will see exactly how their courses transfer in and what is left to complete the degree. All 60 credits will be applied to the bachelor’s degree if students meet the required 2.0 GPA in each course and follow the prescribed course plan listed in the pathway. These new pathways at Minnesota Private Colleges build on the pathways that already exist among Minnesota State institutions.

Review the school’s information to see if they offer any transfer pathways. To access the full list of participating colleges and universities and the specific pathways they offer, refer to mnprivatecolleges.org/transfer-pathways.
These institutions have the Guarantee in place—and award block transfer for students having completed the Minnesota Transfer Curriculum or Associate of Arts Degree.

** Institutions without a checkmark in this column do not have separate offerings for adult learners.
Most students and their families are surprised to learn that need-based grants, scholarships, low-interest loans and work-study opportunities are available at private colleges to help cover tuition, fees, room and board, books and miscellaneous expenses.

Our institutions provide $800 million in institutional grants and scholarships each year. Transfer-specific scholarships range from $2,000 to $32,000.

Realize, though, that the cost of attending college is not just impacted by prices and financial aid. Other factors include degree planning and supporting students to graduate on time. Taking longer than intended to graduate increases costs and means students forgo potential income.

So when looking at their options, students should avoid ruling out a particular college or university based solely on the listed tuition price. It’s key for students to complete the application process for admission and financial aid to learn what the actual cost will be before making final decisions.

Looking to hear more about what may be possible? Reach out — transfer specialists at these institutions are eager to help, including on any financial questions students may have.

**FINANCIAL TIPS**

- Transfer-student specific grants are available.
- Know the difference between “net price” and “sticker price.” (Many students receive grants and scholarships. When factored in, actual out-of-pocket costs are significantly lower.)
- Always file for financial aid and complete the Free Application for Federal Student Aid (FAFSA).
PLANNING FOR FUTURE TRANSFER

First semester or if you have 0–20 credits
1. Explore majors, careers and universities.
2. Meet with your advisor at your community college to plan courses.
3. If there is a transfer pathway for your major, follow that.

Second semester or if you have 20–30 credits
1. Contact any college or university you are interested in.
2. Review your courses with them to determine how credits transfer.
3. Visit the campus to see if it is a good fit.
4. Discuss potential scholarships, financial aid and the admission process.

Third semester or if you have 30–45 credits
1. Contact the college or university you are interested in to check your next courses.
2. Contact a faculty member in your major to discuss the program.
3. Keep your grades up to maximize scholarship opportunities.
4. If invited, join Phi Theta Kappa (PTK) for a potential scholarship.

Fourth semester or if you have 45+ credits*
1. Apply to the college or university of your choice (you can apply to multiple schools).
2. Apply for financial aid and complete the FAFSA.
3. Request all official transcripts to be sent directly to the college or university.

After admission to the college or university
1. Contact Admissions or the Financial Aid office with questions.
2. Sign up for housing if needed.
3. Meet with Advising to set up your degree completion plan.
4. Register for classes.
5. Attend Transfer orientation (if available).

* Although many institutions accept up to 96 credits, transferring in more than 70 credits can complicate your graduation timeline. Please contact the transfer specialist to review your transcript(s) early.

You can find information for all these steps at mnprivatecolleges.org/transfer. Contact the transfer specialist at any of our schools for assistance. We are here to answer your questions and guide you through the transfer process. You can finish your degree and launch into your career.
Ask many college students how they chose their school and they’ll tell you they “just knew” when they visited and were surrounded by the students, staff, faculty and community. It’s a good idea to visit different kinds of institutions—different sizes, settings and types—so students have a good basis for comparison. Virtual visit options are also available at each college or university.

Students can check out a college’s website or call transfer specialists with their questions. Contact information is listed on each college’s page. Then take the next step by reaching out to college admissions offices to learn more, including about application requirements and scholarship deadlines.

And for community college staff, reach out to the Council at colleges@mnprivatecolleges.org if you ever are seeking more information and ways to connect with transfer-focused staff at our institutions.

TRANSFER BY THE NUMBERS

Transfer students are thriving at the 18 Minnesota Private Colleges.

1,900 students transferred to our institutions last year.

Transfer students represent 18 percent of all new students on campus.

Transfers come to our colleges from all types of institutions, with 51 percent from community colleges. In addition, 23 percent come from public universities, and 21 percent come from other private nonprofit colleges.

And transfer students represent a wide range of backgrounds; 37 percent of new transfer students are students of color and Native American students.
College profiles for traditional-age undergraduates
Augsburg University offers the opportunity for transfer students to complete their degree in the city of Minneapolis at a university that is small for its students and big for the world. Whether students are transferring from a community college or another four-year university, Augsburg’s transfer-friendly curriculum allows for students to pick up where they left off and complete their degree in a timely manner. Augsburg’s faculty, staff and student services are committed to providing support and student life opportunities for our transfer students and create connections early. Transfer students are able to find community and will have the resources to be successful academically, socially and personally at Augsburg.

Carleton welcomes transfer students to apply every year. We understand that every transfer student’s story is different, and our admissions committee will take the time to consider your perspectives, experiences and interest in attending Carleton. Whether you’re applying from a community college, a large university or something in between, we’re eager to support your journey to Carleton.

Credit transfer & GPA acceptance policy
Carleton awards credits for coursework from regionally accredited institutions. Initially, we award general credit; equivalency to specific courses is determined by individual academic departments. No credit is given for Ds in courses. Learn more about credit transfer at carleton.edu/admissions/apply/steps/transfer.

- Maximum number of credits that can transfer: 102 credits (equivalent to 18 Carleton courses)

A student is considered a transfer student if they have completed any college coursework from a post-secondary institution after graduating from high school. To be considered for admission, a student must have achieved a minimum cumulative GPA of 2.75 in common transferable courses and meet a level of math proficiency consistent with the standards set by CSB and SJU. A student who has not yet completed 28 semester credits will be evaluated on both high school and college performance. Students who have credits earned through Post-Secondary Enrollment Option should apply as high school senior applicants.

**Credit transfer & GPA acceptance policy**

CSB and SJU will work with you to make sure you are receiving the appropriate credits. The MnTC and A.A. degrees meet many requirements in our general education Integrations curriculum. We also evaluate credits on an individual basis for students who have not completed those. We will accept credits from regionally accredited institutions for courses 100 level or greater where a similar course is offered at CSB and SJU. Learn more about credit transfer at csbsju.edu/admission/transfer-students/transfer-faqs.

- Maximum number of credits that can transfer: 76
- Number of credits required for degree: 124 credits required for degree (48 credits must be completed at CSB and SJU to earn a degree)
- Minimum cumulative GPA required: 2.75
- Minimum grade required for a course to transfer: C

Transfer pathway guides: csbsju.edu/registrar/new-students/transfer-credits/community-college-transfer-guides

**Block transfer acceptance**

- Accepts Associate of Arts degree (A.A.)
- Accepts Minnesota Transfer Curriculum (MnTC)

Minimum required GPA for block transfer: 2.75

CSB and SJU accept completion of the MnTC or A.A. degree from a regionally accredited Minnesota institution as a block to satisfy our foundational Integrations Curriculum requirements. There are additional requirements that remain to be completed, often attached to other general education or major/minor courses. To receive credit for those, courses must be completed with a grade of ‘C’ or higher. In addition, we have developed 2+2 pathway options in several disciplines and continue to expand those options.

**Admissions**

- Application fee: None
- Application deadlines: Fall – April 1; Spring – Dec. 1
- Where electronic transcripts must be sent: admissions@csbsju.edu

**Scholarships**

Merit-based scholarships ($1,500 to $32,000/year) from the following programs: Academic Achievement, Phi Theta Kappa, Art, Music, Theater, Benedictine and ROTC. Learn more at csbsju.edu/admission/transfer-students/scholarships-for-transfer-students.

Everything that makes Concordia College a great place to start your degree also makes it a great place from which to graduate. Being a transfer student isn’t always easy, but we will be there from step one to help make your transition as smooth as possible. From our local community and campus life to scholarships and other financial aid, we will answer all your questions and concerns. Concordia will be home before you know it. Our online application is free and makes applying for admission easy. After you’ve filled out the application, you’ll need to submit your final academic transcript from high school along with transcripts from all colleges you’ve attended.

Credit transfer & GPA acceptance policy
Send Concordia your official or unofficial transcripts to determine how your credits will transfer. Upon request, Concordia can also provide a degree audit to calculate how many semesters it will take to complete your degree. If you are interested in seeing how your credits may transfer before you complete your application, contact a transfer representative. Credit will be used to fulfill core and major requirements whenever possible. Learn more about credit transfer at concordiacollege.edu/admission/transfer-students/transfer-credit.

**Block transfer acceptance**

- Accepts Associate of Arts degree (A.A.)
- Accepts Minnesota Transfer Curriculum (MnTC)

Minimum required GPA for block transfer: 2.0

Hamline accepts A.A. degrees and the MnTC as long as the grade earned in those classes is a C- or higher. Your Hamline Plan requirements (general education curriculum) will be reduced by completing the MnTC or A.A. degree. Students will still need to fulfill the following Hamline Plan requirements: one Speaking Intensive course, Writing Intensive courses, a high-impact learning experience and possibly an additional Fine Arts or Humanities course plus a Formal Reasoning requirement, Diversity requirement and Collaboration requirement. Many of these remaining requirements can be fulfilled within a student’s major/minor requirements.

* Each institution may have some additional unique course requirements, such as language, philosophy or religion courses. Please contact a transfer counselor at the institution to learn more.
A Macalester education surrounds students with rigorous academics, unparalleled support and invaluable opportunities to connect with the world. Join a community of lifelong learners who will challenge the status quo and translate ideas into action. Macalester offers admission for U.S. citizens, permanent residents and international students who have completed one or more semesters as a full-time college student following high school graduation.

Credit transfer & GPA acceptance policy
Individual course-by-course evaluation; Macalester accepts no more than the equivalent of two years (64 credit hours) from courses earned at a college or university prior to matriculation at Macalester and subsequent to graduation from high school. In order to receive a Macalester degree, you must complete two full years of coursework (64 credit hours) at Macalester. Learn more about credit transfer at [macalester.edu/admissions/us-admissions/transfer](http://macalester.edu/admissions/us-admissions/transfer).

- Maximum number of credits that can transfer: 64
- Number of credits required for degree: 128
- Minimum cumulative GPA required: 3.0
- Minimum grade required for a course to transfer: C-

Admissions
- Application fee: None
- Application deadlines: Fall term – April 1 (Please note that our deadline has changed from prior years.)
- Where electronic transcripts must be sent: admissions@macalester.edu

Scholarships
Each admitted student receives a financial aid package that meets 100 percent of demonstrated need for financial aid. Two out of three Macalester students receive need-based financial assistance.

MCAD values transfer students for the experience, insight, knowledge and vigor they add to our creative community. You are considered a transfer student if you have graduated from a high school program (or equivalent) and have enrolled at a post-secondary institution. Students taking college courses while still in high school or participating in dual enrollment college classes or PSEO must apply as first-year students and are not transfer applicants. Additionally, we may accept transfer credits from advanced placement (AP), international baccalaureate (IB), post-secondary enrollment option (PSEO) and other pre-college programs.

Credit transfer & GPA acceptance policy
Course-by-course review. We are selective with transfer credits and may accept up to 30 liberal arts credits and up to 33 studio arts credits with a grade of C or better from regionally accredited institutions and pre-college programs. Learn more at about credit transfer mcad.edu/transfer.

- Maximum number of credits that can transfer: Up to 30 liberal arts credits and 33 studio arts credits
- Number of credits required for degree: 120
- Minimum cumulative GPA required: 2.5
- Minimum grade required for a course to transfer: C

Admissions
Make an appointment with an admissions counselor to determine your transfer credit eligibility. This initial review is not binding, but it will give you a good idea of which credits may transfer. Once you are accepted for admission, you will receive an official transfer-credit evaluation.

- Application fee: $50
- Application deadlines: Fall term – Early Action, Dec. 1; Priority, Feb. 15; Regular, April 1; Spring term – Early Action, Oct. 1; Priority, Nov. 1; Regular, Dec. 1
- Where electronic transcripts must be sent: admissions@mcad.edu

Scholarships
Applicants who meet the deadlines will receive an admission and MCAD Merit Scholarship decision within two weeks, on a rolling basis.

If you are looking for a friendly community, a personalized academic experience and a great value, you have come to the right place. As a Lasallian Catholic institution, we are committed to helping every student succeed, regardless of where your college journey began. For a comprehensive credit evaluation, we encourage you to reach out to our knowledgeable and caring transfer team. Saint Mary’s welcomes transfer applicants throughout the year. Transfer students may begin classes in Winona either fall or spring semesters.

Credit transfer & GPA acceptance policy
Any transfer course that does not directly meet institutional or programmatic requirements may be applied as general elective credit. Transfer credit will be officially applied to the student’s academic record at Saint Mary’s and will appear as such on an official transcript. Learn more about credit transfer at smumn.edu/admission/transfer-students.

- Maximum number of credits that can transfer: 90

- Accepts Associate of Arts degree (A.A.)
- Accepts Minnesota Transfer Curriculum (MnTC)

Students who have completed the MnTC or an A.A. from a regionally accredited institution with minimum course grades of C or better will have those courses accepted in transfer. Those courses will meet some requirements within our general education Bachelor of Arts program.

Students who earned an A.A. prior to enrolling at Saint Mary’s undergraduate college will be considered to have completed all requirements for general education with the exceptions of needing to complete an approved theology course and INT499.

Students sat the undergraduate college who earned at least 24 credits as a degree-seeking student at another postsecondary institution after completing high school or a GED program will have the INT101 general education course requirement waived.

* Each institution may have some additional unique course requirements, such as language, philosophy or religion courses. Please contact a transfer counselor at the institution to learn more.

Admissions
Students entering the undergraduate college as a transfer student may elect to pursue any Bachelor of Arts major at the university. Students seeking admission to a Bachelor of Science program at the residential college (e.g., Nursing) must meet all prerequisite requirements to be considered for competitive admission.

- Application fee: None
- Application deadlines: Rolling for fall and spring terms
- Where electronic transcripts must be sent: admissions@smumn.edu

Scholarships
All transfer students are automatically considered for merit-based scholarships. Scholarships range from $25,000 to $28,000 per year renewable. We also offer Transfer Academic Scholarships based on transfer GPA ($12,000 to $21,000), Visit Scholarship ($1,000), Transfer Phi Theta Kappa Scholarship ($2,500), Transfer Community and Technical College Scholarship ($1,500) and an Out-of-State Scholarship ($2,000). At St. Thomas, we have a story to tell.

- A story about a small, liberal arts college that transformed into one of the nation’s Top 20 Catholic universities.
- A story about an unprecedented transition to Division I athletics.
- A story about an education that combines the practical with the purposeful — empowering you to make a difference in our Minneapolis-St. Paul community.

It’s a story that’s turning the page to a new chapter. And transfer students like you are helping to write it. That’s why we’ve made it easier than ever to transfer to St. Thomas — increasing our scholarships and allowing students who complete the Minnesota Transfer Curriculum (MnTC) or an Associate of Arts (A.A.) degree to satisfy almost all our core curriculum requirements.

### Credit transfer & GPA acceptance policy

For a comprehensive credit evaluation, contact your admissions counselor. They can give you an unofficial degree evaluation that explains St. Thomas’ core and major field requirements and estimates how long it might take you to graduate. St. Thomas accepts the MnTC and the A.A. from Minnesota, Wisconsin, North Dakota, Iowa and Illinois. Engineering transfer students who complete one of these programs will typically satisfy the St. Thomas undergraduate core curriculum requirements after completing the following additional requirements: transfer student-specific experience during their orientation, one theology course, one philosophy course and a Senior Capstone (all students need to complete).

### Scholarships

- UST Transfer Award ($10,000 to $30,000): Recognizes the academic accomplishments of transfer students who have positively contributed to their community and demonstrated post-secondary academic success.
- Music Scholarship ($6,000 to $25,000): Based on music performance and academic achievement. Students who are accepted to St. Thomas and intend to major in music, music performance, music business or music education are eligible to apply.
- Transfer College Access Scholarship: Transfer students that participated in a college access program (such as College Possible, AVID or TRiO) while in high school have the opportunity to be considered for an additional $2,000 scholarship.
- Summit Scholarship Program (up to $10,000): Transfer students from U.S. two-year colleges who have unmet financial need and who list engineering as their intended major will be automatically considered for this award. Learn more at stthomas.edu/admissions/undergraduate/financial-aid/scholarships.

There has never been a greater need for passionate, dedicated health professionals. Concordia has an outstanding reputation for excellence in preparing students for careers in a variety of health professions. Through the Sanford Heimarck School of Health Professions, we offer two signature programs to meet the needs of adults considering a career change to medicine or nursing.

Both programs offer a 12-month completion time and an on-campus experience essential to building connections with faculty, advisors and other students. Our experienced faculty are there to support and advise students every step of the way to meet their personal and professional goals.

Programs

- The Accelerated Nursing BSN program is a fast-track to earning a degree and next steps toward licensure as a registered nurse (RN). Students successfully completing the program are eligible to take the NCLEX.
- Post Baccalaureate Premedical students become competitive applicants for their chosen professional health program through rigorous coursework customized to meet individual career goals.

Program schedule: Accelerated Nursing BSN program – 12-month program, begins in mid-January each year; Post Baccalaureate Premedical program – 12-month program, begins in late June each year

Semesters: Fall (Aug. – Dec.), Spring (Jan. – May), Summer (May – Aug.)

Cost

- Accelerated Nursing BSN program – $795 per credit,
- Post Baccalaureate Premedical program – $850 per credit

Scholarships

While scholarships are not provided through Concordia College or the Sanford Heimarck School of Health Professions, some employers and regional health systems offer assistance. We encourage you to seek out these opportunities.

Admissions

Admission to our programs is selective, and our admission team carefully considers each student’s academic records, work history, volunteer activity and any experiences in healthcare. Students’ motivation and enthusiasm to pursue a health profession play a vital role in the acceptance process. Recommendation letters give the admission team further insights into each student’s aptitude, character and work ethic.

- Application fee: Accelerated Nursing BSN program – $60, Post Baccalaureate Premedical program – $139
- Application deadlines: Accelerated Nursing BSN program – Nov. 1, Post Baccalaureate Premedical program – June 1

Other application requirements:

- A baccalaureate degree from a U.S. regionally accredited institution
- Official transcripts from all U.S. regionally accredited institutions (attached to the student’s application)
- Two professional recommendations
- One-page resume
- 500-750-word personal statement

- Accelerated Nursing BSN program:
  - A minimum cumulative GPA of 2.5 or higher on all post-high school work
  - A minimum cumulative GPA of 3.0 on all prerequisite coursework completed prior to enrollment

- Post Baccalaureate Premedical program:
  - A minimum cumulative GPA of 3.2 or higher on all post-high school work
  - A precalculus course with a minimum GPA of 3.0 completed prior to enrollment
  - SAT or ACT scores

Whether you are finishing a degree or pursuing a career change, Concordia University, St. Paul (CSP) offers associate and bachelor’s degree programs that fit your needs and busy life. Our flexible, student-centered accelerated programs connect scholarly thought to action, bridging the gap between theory and practice by encouraging you to draw on the knowledge you have already learned on the job and in life. Full financial aid in the form of grants and loans may be available. Our partnerships with many area community colleges offer students a streamlined opportunity to take the next step in their education. If you have an associate degree, you can benefit from a seamless transfer of credits allowing you to maximize the value of your current education and get a head start on your next degree.

Credit transfer & GPA acceptance policy
CSP is known for its generous transfer policies and accepts a wide range of courses that transfer directly into specific major programs. Learn more about credit transfer at csp.edu/admissions/transfer-admissions.

Wherever you are in life, our bachelor’s completion programs offer the flexibility you need. Earn your degree while balancing work, family and everyday life. At Saint Mary’s, you’ll save time and money. Apply earned credits and experience toward your bachelor’s degree, including past work experience, prior credits earned and military service. They all count toward earning your bachelor’s degree in as little as two years. Our bachelor’s completion programs are designed for adults who lead busy lives. We work with prospective students every step of the way through the admission process providing a preliminary degree plan to show them where they are currently with their transfer credits and what they have left to complete to obtain their bachelor’s degree.

Credit transfer & GPA acceptance policy
A minimum of 30 semester credits are required for admission. Receive credit for prior learning. Your past credits are always eligible—they never expire. We accept technical college credits as well as military, industry and business training via the American Council on Education (ACE) or PLA. You can apply standardized tests such as CLEP or DSST toward your degree. Transfer up to 90 credits (75 percent of your bachelor’s of science degree). Please contact Saint Mary’s staff for a preliminary transfer evaluation. Learn more about credit transfer at smumn.edu/admission/bachelors-completion/transferring-bachelors-completion-credits.

- Maximum number of credits that can transfer: 90

### WHAT ARE PRE-PROFESSIONAL PROGRAMS?

Pre-professional programs are not undergraduate majors.

Through on-campus advising, courses across disciplines and other programming, pre-professional programs prepare students to pursue a professional or graduate degree in specific fields after earning a bachelor’s degree. A specific major is often not required to prepare for a professional or graduate program.
