“...really helped me find my priorities and narrow down my college search. **I'd certainly recommend it to anyone looking for a place to start** on their own search.

—Will (*high school senior from Edina, Minn.*)

“**Fantastic way to see and learn about private schools** in a well-structured and planned information session and tour opportunity.

—Heather (*parent from St. Paul, Minn.*)

“Having the opportunity to visit **one college in the morning and another in the afternoon on the same day** was really nice for me when comparing them.

—Lexi (*high school senior from St. Michael, Minn.*)
