Choosing one of Minnesota Private Colleges

THE FACTS

A liberal arts education from any of the 17 Minnesota Private Colleges broadens horizons, sharpens communication and decision-making skills and equips students for participating in work and society. Here are some good reasons you should consider one of our colleges or universities.

Students and Degrees

In fall 2017, Minnesota Private Colleges enrolled 57,500 students and awarded 30% of the state's bachelor's degrees. Our share of degrees for specific areas of study:

- 49% of all physical science degrees
- 44% of all nursing degrees
- 38% of all foreign language degrees
- 35% of all mathematics and statistics degrees
- 33% of all biological science degrees
- 33% of all business degrees

For a listing of majors by college, check out the majors grid on pages 27-30 or search our College Finder tool at www.mnprivatecolleges.org/college-finder.

Excellence

Minnesota Private Colleges are committed to undergraduate teaching with:

- There is one professor for every 12 students
- 62% of classes have fewer than 20 students and 99% have fewer than 50 students
- Courses are taught by highly qualified faculty — 84% of full-time faculty hold doctorates or other terminal degrees

We asked graduates of Minnesota Private Colleges about their college experience and compared the results with national public universities in a six-state area. Our alumni reported that:

- Compared to the public university students, they experienced stronger levels of faculty interaction, tied to smaller class sizes, classes taught by professors and personal interaction with faculty.
- They had higher levels of academic involvement (internships, off-campus study and research and tutoring) than students at regional national public universities and national highly selective private colleges.
- They were highly satisfied with their education.
- They believed their education prepared them well for life and career through the development of writing skills, leadership, moral principles and a sense of purpose in life.

Access and Diversity

- In the fall of 2017, 2,800 students transferred to one of the 17 Minnesota Private Colleges; 24% of all new students on campuses are transfer students.
- 30% of our transfer students are first-generation college students, meaning that they are the first in their family to go to college.
- In the fall of 2017, 28% of new transfer students were students of color.

FINANCIAL AID

We want prospective students and their families to know that ability, motivation and values are more important than their bank balance. Most students and their families are surprised to learn that:

- 25% of private college students come from families with incomes below \$40,000 — about the same proportion as at the state’s public four-year colleges and universities.
- 9 out of 10 day students receive grants and scholarships that don’t have to be paid back.
- Our institutions provide more than \$613 million in institutional grants and scholarships each year.
- Need-based grants, scholarships, low-interest loans and work-study opportunities are available at private colleges to help cover tuition, fees, room and board, books and miscellaneous expenses. **See list of all tuition and fees at www.mnprivatecolleges.org/how-pay/what-does-it-cost.**
- Transfer scholarships are available based on leadership and academic achievements and vary by campus. Please contact the college admissions offices to obtain application requirements and scholarship deadlines.

Student financial aid programs sponsored by the federal government include:

- Federal Pell Grant Program
- Federal Direct Loan Program

The State of Minnesota also helps students through:

- The Minnesota State Grant Program
- College Work Study
- Student Educational Loan Fund (SELF)

Don’t assume you can’t afford a private college. Talk to a transfer representative from any of our 17 private colleges to find out how affordable a private college education can be. Contact information can be found on college profile pages.

AUGSBURG UNIVERSITY

Nestled in a vibrant and lively Minneapolis neighborhood, Augsburg is shaped by our urban and global settings and defined by excellence in the liberal arts and professional studies. Auggies have the opportunity to experience hands-on learning, discover their callings and serve their neighbors. The trademark of an Augsburg education is direct, personal experience, which is supported by an engaged community committed to intentional diversity in its life and work.

A.A. OR MINNESOTA TRANSFER CURRICULUM ACCEPTANCE: We offer specific advantages to students who have completed the AA or the MNTC, and have a cumulative 2.0 GPA or better. After a course-by-course evaluation, students can be considered an advanced transfer and have all Liberal Arts Foundation courses waived. Advanced transfers still need to fulfill the modern language requirement (2 semesters) and one religion course. Transfer guides are available at www.augsburg.edu/transfer. Students without an AA degree will be evaluated on a course-by-course basis.

CREDIT TRANSFER, GPA ACCEPTANCE POLICY: 2.0 GPA or higher

FAFSA CODE: 002334

Bethany Lutheran College provides Christian higher education in a challenging academic environment where personal mentoring guides students to pursue knowledge, truth and discernment for productive and fulfilling lives. Bethany Lutheran College engages students with the saving knowledge of Christ and assists them in developing their God-given talents and abilities for meaningful lives of service in the family, church and society. A program of study grounded in the liberal arts and taught through the discerning lens of a Christian worldview equips students with knowledge, understanding and adaptable skill.

Carleton welcomes transfer students to apply every year. We understand that every transfer student's story is different, and our admissions committee will take the time to consider your experiences and your interest in attending Carleton. We approach learning with enthusiasm, energy and a distinct brand of playfulness. We are a collaborative place where students and professors work together to make sense of the messiness of life. Carleton is one of the nation's top liberal arts and sciences colleges, boasting success from physics to Frisbee and everything in between. Our academic programs span the disciplines, giving you a broad foundation of knowledge to take your interdisciplinary learning to the next level. With students hailing from across the country and around the world, our diverse community will challenge and support you. Located in the historic river city of Northfield, we're just 40 miles south of the Twin Cities; you'll find plenty to occupy your time outside of class. Carleton graduates go on to become physicians, teachers, civic leaders, artists, engineers, authors — and our strong opportunities in research and internships will help prepare you for whatever comes after Carleton.

FAFSA CODE: 002340

The College of Saint Benedict (for women) and Saint John's University (for men) are nationally recognized liberal arts colleges distinguished by a singular, undergraduate experience. This partnership gives students the opportunities of a large university while retaining the close personal attention of a premier liberal arts college. The colleges are committed to global learning and connection — a commitment that extends to experiences inside and outside of the classroom. All students complete at least one experiential learning activity such as undergraduate research, internships, study abroad or community service. The campuses are located on 3,000 acres of woods, lakes and prairie — providing students with unique opportunities for education and recreation. Through a four-year residential program, nearly all students live on campus.

FAFSA CODE: 002354

Macalester was founded in 1874 on a firm belief in the transformational power of a liberal arts education. Since then, our students and alumni have demonstrated that power as a force for positive change, in turn attracting a growing community of learners from around the world. Today, Macalester is recognized as a global leader among liberal arts colleges, with the highest standards for scholarship and a continuing commitment to internationalism, multiculturalism and service to society. Tomorrow's leaders will be innovative thinkers who are comfortable in the vast array of humanity. These skills are nurtured and encouraged in an open, global environment at Macalester.

The Minneapolis College of Art and Design (MCAD) is a four-year, nonprofit private college committed to educating individuals to become professional artists and designers, effective critical thinkers and creative leaders. Founded in 1886, MCAD has the highest level of accreditation for a school of its kind. MCAD offers bachelor's and master's degrees and professional certificates in media, communications, design and fine arts. Students learn technical and professional skills, both traditional and cutting-edge, and develop the creative, intellectual and leadership abilities to get noticed and become successful. The MCAD experience is transformative and impacts graduates throughout their entire lives.

Saint Mary's University of Minnesota awakens, nurtures, and empowers learners to ethical lives of leadership and service. At Saint Mary's, students find in every classroom — whether in person or online — a relationship-driven, person-centered education. Through intense inquiry, students discover the truths in the world and the character within themselves. Founded in 1912 and accredited by the Higher Learning Commission, Saint Mary's enrolls nearly 5,700 students at its residential undergraduate college in Winona and its Schools of Graduate and Professional Programs, based in Minneapolis but extending worldwide and online. Saint Mary's offers respected and affordable programs in a variety of areas leading to bachelor's, bachelor's completion, master's, certificate, specialist and doctoral degrees.

St. Catherine University has the largest baccalaureate college for women in the nation, a comprehensive lineup of health care programs and an array of nationally and regionally known graduate and associate programs for women and men. St. Kate's welcomes transfer students into the College for Women (bachelor's degrees) and the College for Adult (associate and bachelor's degrees for women and men). Students can choose from more than 100 fields of study and nearly 60 majors, plus 37 more through partnerships with other Twin Cities private colleges — as well as dozens of minors and nine pre-professional programs. The Wildcats compete in NCAA Division III athletics.

FAFSA CODE: 002342

With so many great liberal arts colleges, how do you choose? What makes St. Olaf stand apart? We think it's this: St. Olaf doesn't produce ordinary college grads. It turns out Oles (Oh-Lees). Oles are the people that companies want, because they know how to get stuff done. They think harder, approach problems differently, persevere with enthusiasm. Oles are born of St. Olaf's intense academic program — an academic program that hones minds, while its emphasis on global engagement helps broaden perspectives. Oles aren't necessarily religious, but our religious tradition encourages deep self-reflection. Most important, perhaps, is the Ole community — a vibrant community that accepts, supports and encourages, generating lifelong friendships and invaluable business connections. Today more than ever, the world needs idealistic, tireless problem solvers. In other words, Oles.

SEARCH ONLINE:

www.mnprivatecolleges.org/college-finder

For Undergraduate Options

Use the **College Finder** to search the most up-to-date information on more than 140 undergraduate majors at our campuses — along with many minors and concentrations as well as several associate degree programs. Discover where you can pursue your academic interests!

Add in sports and arts that interest you:

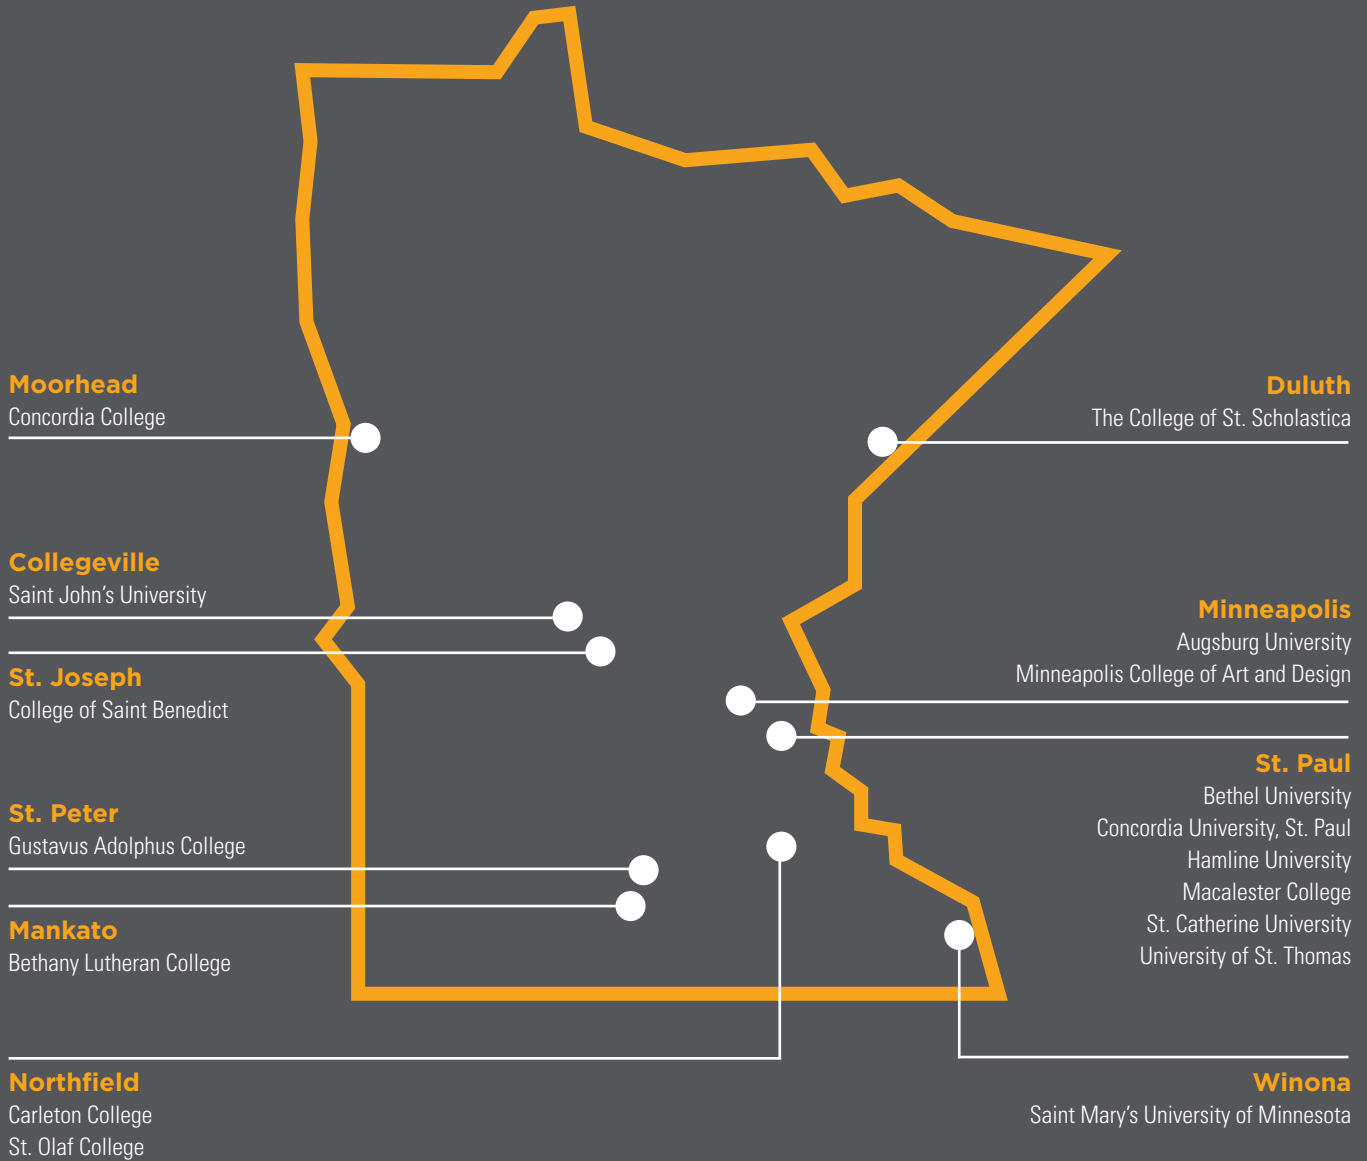

- varsity athletics programs (16, such as basketball, tennis and soccer)
- club sports (35, such as rugby, cycling and karate)
- fine arts offerings (40, such as symphony orchestras, gospel choirs and literary magazines)

With the College Finder, you can search for these activities on their own — or in combination with your search for an academic interest.

Looking for graduate, certificate or licensure programs? You can search for these areas, too.

And you can search all academic programs for evening/weekend offerings, as well as those offered online (entirely or in a blended format).
