Choosing one of Minnesota Private Colleges

Transfer students are important to Minnesota Private Colleges — in 2018, 2,600 students transferred to one of 17 Minnesota Private Colleges. Transfer students represent 22 percent of all new students on campus. And these transfer students represent a wide range of backgrounds. Thirty three percent of students are first-generation college students, meaning that they are the first in their family to go to college. And 28 percent of new transfer students are students of color.

Minnesota Private Colleges are an important option for transfer students. Most of our students receive grants and scholarships making college more affordable. Specific transfer scholarships are available based on leadership and academic achievements and vary by campus — so reach out to college admissions offices to learn more, including about application requirements and scholarship deadlines.

Check out Minnesota Private Colleges — we cost less than you may think. And with a higher graduation rate than your other options, that means you’ll more quickly be working in your field and earning a living, not still paying for more education.

THE FACTS
A liberal arts education from any of the 17 Minnesota Private Colleges broadens horizons, sharpens communication and decision-making skills and equips students for participating in work and society. Here are some good reasons you should consider one of our colleges or universities.

Students and Degrees
Minnesota Private Colleges enrolls 40,000 undergraduate students and awards 30% of the state’s bachelor’s degrees. Our share of degrees for specific areas of study:

- 49% of all physical science degrees
- 44% of all nursing degrees
- 38% of all foreign language degrees
- 35% of all mathematics and statistics degrees
- 33% of all biological science degrees
- 33% of all business degrees

For a listing of majors by college, check out the majors grid on pages 27-30 or search our College Finder tool at www.mnprivatecolleges.org/college-finder.

Excellence
Minnesota Private Colleges are committed to undergraduate teaching with:

- One professor for every 12 students.
- 61% of classes have fewer than 20 students and 99% have fewer than 50 students.
- Courses are taught by highly qualified faculty — 82% of full-time faculty hold doctorates or other terminal degrees.
Access and Diversity

- In the fall of 2018, 2,600 students transferred to one of the 17 Minnesota Private Colleges; 22% of all new students on campuses are transfer students.
- 23% of our students are first-generation college students, meaning that they are the first in their family to go to college.
- In the fall of 2018, 28% of new transfer students were students of color.

FINANCIAL AID
We want prospective students and their families to know that ability, motivation and values are more important than their bank balance. Most students and their families are surprised to learn that:

- 26% of Minnesota Private College students come from families with incomes below $40,000 — which is similar to the state’s public universities.
- 87% of students receive grants and scholarships that don’t have to be paid back.
- Our institutions provide $680 million in institutional grants and scholarships each year.
- Need-based grants, scholarships, low-interest loans and work-study opportunities are available at private colleges to help cover tuition, fees, room and board, books and miscellaneous expenses. See list of all tuition and fees at www.mnprivatecolleges.org/how-pay/what-does-it-cost.
- Transfer scholarships are available based on leadership and academic achievements and vary by campus. Please contact the college admissions offices to obtain application requirements and scholarship deadlines.

Student financial aid programs sponsored by the federal government include:

- Federal Pell Grant Program
- Federal Direct Loan Program
- Federal Work-Study Program

The State of Minnesota also helps students through:

- Minnesota State Grant Program
- Work Study
- Student Educational Loan Fund (SELF)

Don’t assume you can’t afford a private college. Talk to a transfer representative from any of our 17 private colleges to find out how affordable a private college education can be. Contact information can be found on college profile pages.
Nestled in a vibrant and lively Minneapolis neighborhood, Augsburg is shaped by our urban and global settings and defined by excellence in the liberal arts and professional studies. The College of Saint Benedict (for women) and Saint John’s University (for men) are nationally recognized liberal arts colleges distinguished by a singular, undergraduate experience. This partnership gives students the opportunities of a large university while retaining the close personal attention of a premier liberal arts college. The colleges are committed to global learning and connection — a commitment that extends to experiences inside and outside of the classroom. All students complete at least one experiential learning activity such as undergraduate research, internships, study abroad or community service. The campuses are located on 3,300 acres of woods, lakes and prairie — providing students with unique opportunities for education and recreation. Through a four-year residential program, nearly all students live on campus.

With so many great liberal arts colleges, how do you choose? What makes St. Olaf stand apart? We think it’s this: St. Olaf doesn’t produce ordinary college grads. It turns out Oles (Oh-Lees). Oles are the people that companies want, because they know how to get stuff done. They think harder, approach problems differently, persevere with enthusiasm. Oles are born of St. Olaf’s intense academic program — an academic program that hones minds, while its emphasis on global engagement helps broaden perspectives. Oles aren’t necessarily religious, but our religious tradition encourages deep self-reflection. Most important, perhaps, is the Ole community — a vibrant community that accepts, supports and encourages, generating lifelong friendships and invaluable business connections. Today more than ever, the world needs idealistic, tireless problem solvers. In other words, Oles.

**For Undergraduate Options**

Use the College Finder to search the most up-to-date information on more than 140 undergraduate majors at our campuses — along with many minors and concentrations as well as several associate degree programs. Discover where you can pursue your academic interests!

**Add in sports and arts that interest you:**
- varsity athletics programs (16, such as basketball, tennis and soccer)
- club sports (35, such as rugby, cycling and karate)
- fine arts offerings (40, such as symphony orchestras, gospel choirs and literary magazines)

With the College Finder, you can search for these activities on their own — or in combination with your search for an academic interest.

**Looking for graduate, certificate or licensure programs?** You can search for these areas, too.

And you can search all academic programs for evening/weekend offerings, as well as those offered online (entirely or in a blended format).
